

Free and Reduced-Price Lunch Application Instructions

If possible, complete your application online by going to our website (www.freedomprep.net).

Click on the **Campuses** tab, then **Common Links** from the drop down menu. You can then click on the **Aspire** link.

If you applied last year, you have a user account that is still valid. Use that username and password.

*If you have not already done so, please create a parent account by clicking on “**request username and password.**”* You will be prompted to **enter your child’s SIS lunch number and birthday.** (Contact the front office if you don’t know your child’s SIS lunch number.)

This will link you to your child’s student information and allow you to create your own username and password.

Once you have completed this process, you will need to **logout, and then log back in to Aspire** using your username and password. You will be able to apply for free and reduced lunch.

Click on student’s name, then click on the application link and follow the prompts.

For security purposes you must create/have your own username and password to apply.

If you don’t have access to a computer, you may pick up a paper application from the front office.

Otherwise, please make every effort to apply online as this will expedite the application process.
