Class Registration Process for Semester 1:

After completing the FPVA registration form, students will be enrolled in Edgenuity, our online learning platform. Students will then self-enroll in Semester 1 classes in Edgenuity by doing the following:

1. You will receive your Edgenuity username and password in an email. If you do not receive an email, contact the FPVA Secretary at 385-248-5500 to receive your Edgenuity username and password.
2. Go to <https://auth.edgenuity.com/Login/Login/Student> and login in with your given username and password.
3. In the top right corner of the screen, click the + icon.
4. From the list of "Other Courses," find your required classes (listed above), and click "Enroll" for each one.
Note: You will not find Canvas courses on this list, so those will be scheduled separately by the school counselor.
5. From the list of "Other Courses," choose the appropriate number of electives for your grade level (listed above) for the current semester and click "Enroll" for each course.
Note: Be sure to only choose classes for which you have already taken the pre-requisite.
6. Your class choices will be reviewed by a school counselor, and you will be contacted if there are any questions or concerns regarding your schedule.

You will register for Semester 2 courses at a later date.

Please contact Kim Flewallen at kflewallen@freedomprep.net with any questions regarding this process.
